

PX3™ LUBRICANTS - XTREME OIL BOOSTER MIXTURE RECOMMENDATIONS

PX3™ Xtreme Oil Booster is a Multi- Purpose Lubricant Booster. It can be used in different types of applications that will benefit from PX3's Oil Booster ability to improve and enhance equipment operating efficiencies. Please follow all recommended OEM System Capacity requirements and service intervals.

NOTE: DO NOT OVER FILL!

ENGINE/CRANKCASE CAPACITY

- 21 to 28 Quart System:** Add (96) ounces PX3 Oil Booster in place of oil equivalent.
- 14 to 20 Quart System:** Add (80) ounces PX3 Oil Booster in place of oil equivalent.
- 11 to 14 Quart System:** Add (64) ounces PX3 Oil Booster in place of oil equivalent.
- 8 to 10 Quart System:** Add (48) ounces PX3 Oil Booster in place of oil equivalent.
- 7 Quart System:** 6 Quarts Oil to (1) quart PX3 Oil Booster
- 6 Quart System:** 5 Quarts Oil to (1) quart PX3 Oil Booster
- 5 Quart System:** 4 Quarts Oil to (1) quart PX3 Oil Booster
- 4 Quart System:** 3.25 Quarts Oil to (24) ounces PX3 Oil Booster
- 3 Quart System:** 2.5 Quarts Oil to (16) ounces PX3 Oil Booster

NOTE: When PX3 Oil Booster is used in Passenger Car, Light Truck, SUV or Diesel Truck applications, PX3 Oil Booster is recommended to be used with every other Oil change. Or after original use of product, use product at half the original treat rate for optimum peak performance.

- 4 Cycle:** 4 to 5 ounces PX3 Oil Booster to Quart of Oil
- 3 Cycle:** 3 ounces PX3 Oil Booster to Quart of Oil
- 2 Cycle:** 2 ounces PX3 Oil Booster to Quart of Oil

NOTE: Mix PX3 Oil Booster with your 2, 3, or 4 cycle oil thoroughly prior to adding to injection reservoir or fuel tank. On subsequent usage, use half of the original ounces of PX3 Oil Booster.

FOR RACING

For optimum results, PX3 Oil booster should be used every time you change your oil according to mixture recommendations. If possible, allow for several laps or heat/cool down cycles for the product to work properly.

For customers that are using SAE 50W, 60W or 70W straight weight Motor Oils, please contact PX3 customer service department for correct mixing of the PX3 Oil Booster.
